

EvolvHealth, LLC Global Income Disclosure Statement

Transparency is the foundation to any business relationship. The Evolv Wealth Plan provides individuals with science-based, world-class products, and the opportunity to share these products with others and generate commissions. The below Income Disclosure Statement is provided to help you evaluate the Evolv income opportunity.

Evolv Rank	Minimum One-Week Bonus (in \$)	Maximum One-Week Bonus (in \$)	Average Weekly Bonus (in \$)	Median Weekly Earnings (in \$)	Average Weeks To Reach Rank	% of Commissioned Distributors At This Rank
Ambassador	7,709.00	14,589.32	10,844.53	10,922.30	35	0.66%
Blue Diamond	4,371.43	10,810.92	7,825.40	8,006.67	34	.99%

Evolv's rank qualifications are based on a rolling four-week period. For example, to reach the rank of Evolv 2H, you must have 2000 volume points in your lesser volume leg accumulated over a four-week period. As outlined in the Compensation Plan, Pay Team Commissions (10%) at 2000 points over the four weeks would have earned a minimum of \$200. However, because the volumes are calculated and paid out weekly, some weekly commissions could be as low as \$0.00 while others reach the full \$200 payout. We tell you this to ensure that we are accurately depicting the income earned and how it's paid at each rank. **The Elite bonus pool is calculated over a four-week period as well. Distributors at the Ruby Rank and above are eligible to participate in the Elite bonus pool. To calculate the above weekly income statistics, the Elite Bonus Pool income was divided by 4 and divided by 4 weeks as well. One Distributor reached the Visionary Ambassador level during the measuring period; therefore the minimum, maximum, average and median figures were identical. This resulted in insufficient data and therefore was deemed inconclusive and left off the above calculations.

The income statistics above include all Evolv "Commissioned Distributors" globally (USA, Canada, Singapore, Mexico, Peru, Chile and Colombia) for the commission periods between January 28, 2012 through June 1, 2012 and is based on their "Paid As" rank for the week the bonus commission was earned. The count and percentages at each rank were based on current paid as rank of all Active Distributors at the end of analysis period. For purposes of this Income Disclosure Statement, a "Commissioned Distributor" is any Evolv Distributor who meets each of the following requirements: (1) executed an Evolv Distributor Application; (2) has received at least one bonus commission during the specified time frame; and (3) has at least one personally sponsored Distributor. **Note that this table excludes Distributors who were not commissioned during the measuring period. Commissioned Distributors comprised 8.94% of our total Distributors during this time.**

The figures on this table do not necessarily represent the income, if any, that an Evolv Distributor will earn or should expect to earn through his/her participation in the Evolv Wealth Plan. These figures are not guarantees or projections of actual earnings, and Evolve does not guarantee your success. As with any sales opportunity, the compensation earned by Distributors varies significantly and is based upon the time Distributors devote to the business, their sales skill, and leadership abilities. The cost to become a distributor is low and people become distributors for various reasons. Some join to enjoy the products while others intend to build a business.

Please note these figures represent gross income figures under the Wealth Plan only. They do not include expenses incurred by a Distributor in the promotion of his/her business and do not include retail profit on product sales.
