

# OMEGAS<sup>4</sup>

CYCLODEXTRIN COMPLEXED  
PRISTINE SALMON OIL†

## MEETING THE NEEDS OF MODERN LIFESTYLES

Omega-3 fatty acids are among the most widely used nutritional supplements in the world, supported by extensive research for their role in heart and brain health. These benefits were first observed in populations that consumed large amounts of omega-rich fish, especially salmon. As demand grew, fish oil supplements surged in popularity. However, it quickly became clear that naturally occurring omega-3s had low bioavailability, leading most manufacturers to refine and concentrate specific fatty acids to increase the amount per serving.

Today, it is estimated that more than 90% of omega-3 supplements on the market are refined. Unfortunately, the refining process alters the natural triglyceride structure of the oil. European public health organizations have since determined that these refined fatty acids significantly increase the risk of atrial fibrillation, a serious and irregular heart rhythm. In 2023, the European Medicines Agency officially added atrial fibrillation as a common side effect of consuming these refined omega-3 fatty acids (no requirement for this disclosure has been mandated in the US to date).

FULL SPECTRUM  
OMEGA FATTY  
ACIDS

Rather than refining, Alovéa found the cleanest, most sustainable unrefined salmon oil available. This oil naturally contains the full spectrum of fatty acids, antioxidants, and peptides that occur naturally in salmon. While this preserves the oil's integrity and superior nutritional power, one challenge remained: bioavailability. Alovéa solved this problem using an advanced delivery system called cyclodextrin complexing, transforming unrefined salmon oil into the next evolution of omega supplementation.

## OMEGAS<sup>4</sup>

CYCLODEXTRIN COMPLEXED PRISTINE SALMON OIL†

**DIRECTIONS:** Take 1 capsule twice daily.

### Supplement Facts

Serving Size 2 Capsules

Servings Per Container 56(112 Capsules)

	Amount per Serving	%Daily Value
Calories	5	
Total Carbohydrates	1 g	<1%†
Cyclodextrin Complexed Salmon Oil	800 mg	**
Ancient Peat Extract and Apple (Fruit) Extract (elevATP®)	75 mg	**
Certified Organic Aloe vera (Inner Leaf Gel) Powder (as Alovéa AE™)	10 mg	**
Coenzyme Q10	5 mg	**

† Percent Daily Values are based on a 2,000 calorie diet.

\*\* Daily values not established.

**OTHER INGREDIENTS:** Rice Fiber, Vegetable Capsule, (Hyromellose, Carrot Concentrate).

**CONTAINS:** Fish (Salmon)

elevATP® is a registered trademark of VDF FutureCeuticals, Inc.

STORE IN A COOL, DRY PLACE  
KEEP OUT OF REACH OF CHILDREN

**WARNING:** If you are pregnant, nursing, taking medications, or planning a medical procedure, consult your health care professional before use. Discontinue use and consult a doctor if any adverse reaction occurs.

## ADVANCED ABSORPTION TECHNOLOGY

Alovéa secured exclusive rights to a patented process that loads natural lipid molecules into highly soluble carbohydrate structures called cyclodextrins. These microscopic cones dramatically improve the absorption and bioavailability of the unrefined salmon oil, allowing the body to access and utilize its nutrients far more effectively than standard fish oil.

The cyclodextrin-complexed salmon oil is further enhanced with Alovéa's proprietary blend of advanced nutrients, specifically formulated to support mitochondrial health and cellular energy production:

- **Acemannan** – Supports immune and cellular function
- **CoQ10** – Essential for cardiovascular and mitochondrial health
- **elevATP®** – A unique plant complex shown to increase ATP production by up to 64%

## THE FOUR DISTINCT ADVANTAGES OF OMEGAS<sup>4</sup>

- **Clean, unrefined natural salmon oil** backed by extensive research
- **Full-spectrum composition** of fatty acids, antioxidants, and peptides
- **Patented cyclodextrin complexing** to dramatically enhance bioavailability
- **Advanced mitochondrial support** with Acemannan, CoQ10, and elevATP®

OMEGAS<sup>4</sup> is more than just another fish oil—it represents a major breakthrough in omega-3 supplementation. By preserving the natural integrity of salmon oil and combining it with revolutionary delivery science and cellular support nutrients, Alovéa has created a product unlike anything else on the market. This is the future of omega health.

Every Alovéa product purchased helps to nourish children in need through our Buy 1, Nourish 1™ giving initiative.
